HERTS COUNTY AUTO & AERO CLUB
Autumn Sprint
Debden Airfield, Essex, Sunday 2nd October 2016

This is the second of two sprints to be organised by the Herts County Auto & Aero Club in 2016, our 113th year.

Our course has been newly revised for this event with a mix of flowing bends, tight turns, fast & slow slaloms, plus a fearsome long straight demanding accurate control. Our club is still investing to resurface much of the course at Debden airfield, which is part of Carver Barracks, home of the 33 Engineer Regiment (Explosive Ordnance Disposal).

The airfield is separated by a security fence from Carver Barracks. We have no access to the Barracks. Everybody attending will need a car pass (provided by the club) and must come in by the marked gateway, as sign-posted on the day. This is a *different* entrance from the main entrance to Carver Barracks.

Overnight camping is permitted, but for access reasons it is necessary to arrive between 14:00 and 17:00 on Saturday. Contact the event secretary for more details.

If you cannot compete, have you thought about marshalling? Marshals are always welcome and, as spectators will not be allowed, marshalling will ensure that you can enjoy a good day's sport. As an incentive, all marshals that sign on will receive a free lunch voucher for use at our posh catering vehicle. Also, our cash prize draw for marshals has extra funds generously donated by our sponsors. No experience is necessary, as we have a competent leader controlling each of our new marshalling posts. If you are interested, please contact Pete Walters, Tel: 07831 316236. Offers of help with setting up on the Saturday prior to the event would be most welcome (from 2pm).

Dogs and spectators are not permitted at this meeting
Unmanned aerial photographic drones are strictly forbidden

SPECIAL NOTICE

The Debden Sprint Circuit nearly lost its licence for Motor Sports this year. Complaints of noise had been made to Uttlesford District Council, caused by other events such as Model Jets and SuperCar Days. Despite this we have managed to negotiate with the MOD and the Environmental Health Department of Uttlesford DC for the on-going use of this venue for sprint events. However, we have had to agree with a number of goodwill gestures such as:

- No competitor should attempt to arrive before 07.30 hours.
- Modified cars and Racing cars shall not start or run engines before 09.00 hours.
- Timed practice will not start before 09.00 hours.
- No tyre warming will be permitted.
- A 30-minute lunch break shall be provided.
- The timed runs must be complete by 16.00 hours.

See Section 10 of these supplementary regulations for details of the noise limits. Competitors' co-operation with the above will help us to continue providing you with this much-enjoyed event.

HCA&AC thanks sprinter Donald Duncan, who kindly provides transport for the club's sprint equipment:

18. Ginetta Owners Club
19. Reliant Scimitar & Sabre Owners Club
20. TVR Car Club
21. Lotus

In the event of more than 6 entries, Marque classes may be formed at the Organiser's discretion. These will be listed in the Final Instructions. (n.b. MSA Blue Book section K is not negated by these regulations).

Category F: Allcomers (Any other vehicle. Log books may be required to comply with MSA regulations)

Appendix 1

Caterham, Westfield, Sylva, Fisher, Lotus 7, Elise, Exige, 340R, Vauxhall 220, X- Bow and similar derivatives.

Appendix 2

'Standard Cars' are those defined by Road Going Series Production in MSA Blue Book (S11.1.1) but restricted to two-wheel drive using list 1A tyres. Cars are to be to manufacturers original specification, with modifications limited to safety items (see applicable sections of S10), along with replacement wheels and aftermarket exhausts (not manifold), no other modifications (body, brakes, suspension, transmission or engine etc) will be permitted (S10.10 modified).

Appendix 3

Formula Ford racing cars using Kent, Zetec or Duratec engines. All vehicles must comply with the appropriate Formula Ford technical regulations approved by the MSA for that particular car and year of production.

General restrictions applicable to categories A and E:

Cars must be taxed, insured and MOT tested (where necessary), and road legal in all respects. Documentation must be produced at signing-on to verify this. Vehicles in category E or F that are not road legal (if allowed by the appropriate marque championship) will require an MSA Log book.

ENGINES: Those using forced induction will be classified as having a capacity increase of **40%**; those using diesel fuel a reduction of **30%** (for example, a 2000cc turbo diesel will be considered to be the equivalent of a 1960cc normally aspirated petrol engine). Turbo **anti-lag** systems are not permitted.

A **rotary** engine will be subject to a **50%** increase in capacity.

In the event of a dispute concerning the compliance of a vehicle to the regulations for the event, the onus will be on the competitor to prove the compliance to the organisers. All vehicles can switch to Category F.

SAFETY REQUIREMENTS: All vehicles must comply with safety regulations as per the MSA Yearbook section J5.1 to J5.20.13 and sections S10 to S15.2.1 (specific regulations for Sprints & Hill Climbs) and the relevant sections of K as referred to in section S. Vehicles with electrical systems above 50Volts must display a sign beside competition numbers and all batteries require "EC" markings (MSA ref. J5.14.8 & J5.14.9).

9. COMPETITION CAR LOG BOOKS will be required for all Hill climb and Sprint cars unless the car is currently taxed and insured for use on the public highway and competing at the event in a road legal condition (S9.1.7).
10. SILENCERS: All vehicles including single seaters must be fitted with silencers at all times and these must reduce the noise produced to below the maximum quoted in the MSA blue book J5.18.1 to J5.18.11. An Environmental Scrutineer will be in attendance and will test all vehicles at two-thirds maximum RPM - this will be carefully monitored. Any car exceeding the noise limits (including random drive-by tests) will be excluded.
11. COMPETITION NUMBERS. These must be shown on both sides of the car. Numbers on cars not transported by trailer MUST be removed before leaving the venue. The organisers will not supply Numbers. Where a car is double entered the numbers not applicable must be completely masked, if this is not done the MSA time keepers may not give a time and in that case a rerun will not be permitted.
12. TIMING: Competitors are reminded that all vehicles must be fitted with a timing strut in accordance with MSA Technical Regulation S10.9. Vehicles shall be fitted with a vertical timing strut mounted so that no other part of the vehicle may cut the beam first, even if the vehicle is not square to the line. This is mandatory.
13. STARTING: Cars will start singly when the preceding competitor has cleared Marshal Point 6 of the course. The starting signal will be a green light. Timing will be automatic and will commence when the light beam is cut. Any competitor who makes a premature start or rolls forward into the timing beam will not be entitled to a re-run. The start line marshals cannot be expected to hold any vehicle to prevent its creeping forward.
14. FINISH: Will be indicated by a 'FINISH' board. Timing stops when the finish light beam is cut. Competitors should slow down to 10 mph asap after the finish, and always when travelling in the paddock area.
15. COURSE: The course is approximately 1.3 miles on tarmac. Each driver will have two practice runs and three timed competition runs. If circumstances prevent any drivers completing a third run, the awards will be based upon the first two timed competition runs.

16. **MARKERS:** Times will incur a 5 second penalty for each and every course marker struck during a timed run (or carried forward into a re-run). No time will be awarded to competitors who take the Wrong Route or put Four Wheels Off the indicated course. All course marshals will be Judges Of Fact for penalties.
17. **PRACTICE:** Competitors will have two timed practice runs. No convoy run will be given; competitors are expected to walk the course prior to the drivers briefing. No other practice or tyre warming will be permitted.
18. At the discretion of the organisers a driver can enter more than one car (S9.2.3).
A car may be entered twice by two different drivers (D17.1).
19. **PROTECTIVE CLOTHING:** MSA approved Helmets, Overalls (FIA 1986 & 2000) and Gloves must be worn by drivers while on track. All these items must be inspected and approved at scrutineering (S9.2.1 and K9-K11).
20. **AWARDS** will be presented as follows:

Fastest Time of the Day	A Special Award
Fastest in each class	First Class Award <i>(Not given in the class that contains FTD)</i>
Second Fastest in each class (min. 5 cars).	Second Class Award
Third Fastest in each class (min. 7 cars).	Third Class Award
Allcomers Finishing Spirit	A Special Award
Best Presented Car (Chosen by Scrutineers)	A Special Award

At the discretion of the organisers, a Special Award will be given to a HCA&AC member for Best Performance and presented at the annual awards evening. All other awards must be collected at the end of the Meeting. Classes may be amalgamated at the discretion of the organisers; the minimum for each class is 3.
21. **RESULTS:** Provisional results will be published as soon as possible after the final run. Protests and appeals should be in accordance with H35, C5 and C6. Final results will be sent by email or post (if selected on the entry form) within 14 days of the event and added to the HCA&AC website www.hertscountyaac.co.uk.
22. **ENTRIES:** The maximum is 120; the minimum is 60. Refunds will be made if the meeting is cancelled. Up to midday Friday 23rd September, if the Event Secretary receives notification that the entrant is withdrawing, the fee will be refunded (less £10 to cover admin. expense).
23. **ENTRY LIST** opens on publication of these regulations and closes at midday Friday 23rd September, or when the maximum entry has been reached, whichever is sooner.
24. **ENTRY FEE** is £80.00 (HCA&AC members £75.00) e-paid to Bank Sort Code 20-29-37 (Account No. 70460753) **or** by cheque made payable to "HCA&AC Ltd." No entry will be valid until payment has been cleared.
