Looking at the long option!

Sutton & Cheam Motor Club and Craven Motor Club are pleased to present a new motor sport event at the stunning Abingdon Airfield in Oxfordshire, home of the Abingdon Motorsport CAR-nival.

In a change from the CAR-nival format, The Abingdon Long Course Sprint is exactly as it says, a longer, more testing combination of the 2 courses bolted together.

Starting at the top of the airfield (where the Abingdon Course start normally sits) the Long Course follows a similar route through the S bend, around the wide chicane and then on down the straight with the remains of the Didcot Power Station in the distance. As it sweeps into the long left-hander this is where it all changes as rather than finishing the 1,600 metre course it carries on out onto the main runway before heading North again along on side of the main runway. A small chicane precedes the 90 left, long hairpin and 90 left back onto the main runway until you finally reach the finish, situated around the same location as the Bentley course start.

All in all, a course distance of around 2 miles of fun to test man and machine (or woman of course).

Being that this is the first Long Course Sprint then interest is already very high and we urge you to secure your entry as soon as possible as we feature as a round of 6 major speed championships. The event will also be a favourite amongst those traditional CAR-nival fans as it will allow them an early opportunity to get their hand in, ready for the big one on June 9th.

Those that are local to the venue can enjoy a mid-afternoon noise and scrutineering session on Saturday 8th April between 2 - 4pm if required.

Entry fees can be paid via BACS or by debit / credit card (a small handling fee is charged for cards) or in the traditional manner with a good old cheque.

Please be warned that entry levels are pegged at 120 so don't be disappointed!

| Timed Runs Recommence | 13.15 hrs |
| Approximate Finish, Results & Awards | 17.00 hrs |

ARTICLE 5 – Courses & Timed Runs

- 5.1 The event will comprise of:
Approximately 2 miles of very smooth unbroken tarmac with several bends, chicanes and 90 degree turns.
- 5.2 Competitors will be given the opportunity 2 timed runs. If time and entry levels permit, there may be an additional non-mandatory third timed run which WILL NOT count towards the results of the event.
- 5.3 Competitors will be given the opportunity of a convoy run, followed immediately by 2 timed practice runs from a standing start.
- 5.4 Should time limits dictate, the organisers reserve the right to establish results based on 1 timed run. Once each competitor has received the opportunity to complete first timed runs then competition will move onto second timed runs. Any competitor who has not completed their first timed run will forgo that run.

ARTICLE 6 – Practice & Start / Stop Procedure

- 6.1 Competitors will be required to complete 2 practice runs prior to the commencement of timed runs. Any competitor who fails to complete at least 1 timed run prior to the commencement of Timed Runs may be excluded.
- 6.2 Competitors will be called in Class and Number order. Any competitor who (without the consent of the Clerk of the Course) fails to report for practice or timed runs within 15-minutes of being called MAY be refused a start.
- 6.3 It is the competitor's responsibility to report to the start line at the appropriate time. All runs will be from a standing start.
- 6.4 The starting order will be in class and number order where possible.
- 6.5 The starting signal will be a green light with competitors starting in their own time, SINGLY and within 15 seconds.
- 6.6 Timing will be via automatic timing beam and a competitor's time will start as they break the beam. On completion of their run, competitors will break the finish beam at a point indicated by a chequered flag board. Competitors will then return to the paddock via the routes identified on the route card.

ARTICLE 7 – Classes

- 7.1 For the purposes of marking, vehicles will be divided into the following categories (See S.10.10 of the 2017 MSA year book) and classes:
