The best 6 from 8; the best 6 from 7; the best 5 from 6; the best 5 from 5; the best 4 from 4, etc

- b Competitors will be awarded 5 points for entering, signing on and taking part in practice for all qualifying rounds in which they compete.
PLUS 0.1 points for each competitor in their class as defined in the S.R's for the event who completes practice in each event e.g. four entries in the class results in $4 \times 0.1 = 0.4$ points.
PLUS 20 points if they win their class as defined in the S.R's for the event.
With 1 second being equal to 1 point, competitors not winning their class will score 20 points minus the difference in their time from that of winner of their class. This will be calculated to 2 decimal places.(1/100 sec)
Any driver who starts practice, but fails to complete a timed run, will be considered as having taken part.
In the event of Classes being amalgamated competitors points will be calculated against those drivers that run in the competitor's usual class and not from the amalgamation.
- c. Competitors can only score points in one car per event. Where multiple entries are made it is up to the Competitor is to advise the Championship Scorer **before** the event takes place, which vehicle is to qualify for points.
If the competitor does not inform the Championship Scorer before the event takes place as to which vehicle is to qualify for points, the Championship Scorer will apply the points for the vehicle achieving the lowest score in that event
