

17th November

Sevenoaks have been issued with the permit although the event is still subject to us coming out of lockdown.

15th November

There is some good news on the horizon . MSV brands hatch have advised we can use the lower paddock for our Autosolo on Sunday 13th December.

We will need to apply to MSUK for a permit for the event which I will be doing today .

I am not sure when this will be granted it could be straight away or they may wait until 2.12.2020.

Therefore can you please look at your diaries and check to see if you can make this date.

If not can you please let me know as we do have a reserve list .

MSV Brands Hatch have also advised that we will not have use of the Hailwoods suite this year so will be out in the elements for this event and we can only run between 10am and 4pm. There will be toilet facilities available to use and i am hoping that we will be able to have some tea / coffee making facilities available for all to use.

I will send out another email once the permit has been issued to confirm this and then the final instructions will be out a few days before so keep an eye out for more info .
